## About Me

Self-taught video editor with a strong foundation built through YouTube tutorials and hands-on project work. Skilled in assembling engaging video narratives, advanced color grading, sound mixing & design, motion graphics, and creating custom subtitles. Passionate about transforming raw footage into polished content that captivates audiences. I thrive in project-based environments, adapt quickly to new tools, and continually refine my craft through personal development and real-world practice.

## Education

### Federal University of Technology, Akure (2018 – 2024)

Bachelor of Engineering

## Experience

### Freelance Video Editor (2020 – Present)

#### Mobile Legends Nigeria – Event Trailer (2021)

- Edited a cinematic trailer for a major gaming event, combining dynamic assembly, motion graphics, and sound design.

#### APTECH Osogbo – Social Marketing Videos (2022 – present)

- Produce and edit monthly promotional videos featuring student success stories and course highlights.

#### Teen Launch Africa – Educational Tech Initiative(2024)

- Edited on-location footage in underserved schools to craft compelling testimonial and campaign videos.

#### WowSubs – Motion Graphics Business Ad (2025)

- Designed and animated a motion graphics ad to introduce service offerings.
- Integrated brand visuals, audio elements, and dynamic text to convey the client's value proposition clearly and engagingly.
